Selected Validation Data

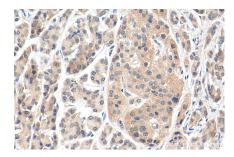

Various lysates were subjected to SDS PAGE followed by western blot with 17618-1-AP (SBDS antibody) at dilution of 1:1000 incubated at room temperature for 1.5 hours.

IP result of anti-SBDS (IP:17618-1-AP, 4ug; Detection:17618-1-AP 1:300) with HL-60 cells lysate 3040ug.

Immunohistochemical analysis of paraffinembedded human pancreas cancer tissue slide using 17618-1-AP (SBDS antibody) at dilution of 1:200 (under 10x lens). Heat mediated antigen retrieval with Tris-EDTA buffer (pH 9.0).

Immunohistochemical analysis of paraffinembedded human pancreas cancer tissue slide using 17618-1-AP (SBDS antibody) at dilution of 1:200 (under 40x lens). Heat mediated antigen retrieval with Tris-EDTA buffer (pH 9.0).
