## CD41/Integrin alpha 2b Polyclonal antibody

Catalog Number: 18308-1-AP

7 Publications

Basic Information	Catalog Number: 18308-1-AP	GenBank Accession Number: BC 126442	Purification Method: Antigen affinity purification	
	Size: 700 ug/ml	GenelD (NCBI): 3674	Recommended Dilutions: IHC 1:500-1:2000	
	Source: Rabbit	UNIPROT ID: P08514		
	lsotype: IgG	Full Name: integrin, alpha 2b (platelet glycoprotein IIb of IIb/IIIa comp antigen CD41)	tegrin, alpha 2b (platelet ycoprotein IIb of IIb/IIIa complex,	
		Calculated MW: 113 kDa		
Applications	Tested Applications: IHC, ELISA		Positive Controls:	
	Cited Applications: WB, IF	IHC : mouse spleen tissue, human spleen tissue		
	Species Specificity: human, mouse, rat			
	Cited Species: human, mouse, rat			
	Note-IHC: suggested antigen retrieval with TE buffer pH 9.0; (*) Alternatively, antigen retrieval may be performed with citrate buffer pH 6.0			
	buffer pH 6.0			
Background Information	The integrins are a superfar ligands, and soluble ligand integrin heterodimers are for 20029421). In addition to m transduction pathways that apoptosis (PMID:19118207) hematopoietic progenitor c disulfide linked light (25 kI for fibronectin, fibrinogen, p	ormed by the combination of 18 a and eightediating cell adhesion, integrins also play control cellular responses including migrat I. Integrin alpha-IIb (ITGA2B, CD41) is expre ells (PMID: 11934866). This protein undergo Da) and heavy (125 kDa) chains which join	ne $\alpha \beta$ heterodimers and at least 24 distinc int $\beta$ known subunits (PMID: 17543136; important roles in modulating signal tion, proliferation, differentiation, and ussed on platelets, megakaryocytes and som the post-translational cleavage to yield with integrin beta3 (CD61) to form a recepto

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

## Selected Validation Data

Immunohistochemical analysis of paraffinembedded mouse spleen tissue slide using 18308-1-AP (CD41/Integrin alpha 2b antibody) at dilution of 1:1000 (under 10x lens). Heat mediated antigen retrieval with Tris-EDTA buffer (pH 9.0). Immunohistochemical analysis of paraffinembedded mouse spleen tissue slide using 18308-1-AP (CD41/Integrin alpha 2b antibody) at dilution of 1:1000 (under 40x lens). Heat mediated antigen retrieval with Tris-EDTA buffer (pH 9.0).
