## OSTbeta / SLC51B Polyclonal antibody

proteintech®
Antibodies | ELISA kits | Proteins
www.ptglab.com

Catalog Number: 21248-1-AP

**Basic Information** 

Catalog Number: GenBank Accession Number:

 21248-1-AP
 BC103842

 Size:
 GeneID (NCBI):

 750 μg/ml
 123264

 Source:
 UNIPROT ID:

 Rabbit
 Q86UW2

IgG organic solute transporter beta

Full Name:

Immunogen Catalog Number:Calculated MW:AG15751128 aa, 14 kDa

Purification Method: Antigen affinity purification Recommended Dilutions: IHC 1:50-1:500

**Applications** 

Tested Applications:

IHC, ELISA

Species Specificity:

human

Isotype:

Note-IHC: suggested antigen retrieval with TE buffer pH 9.0; (\*) Alternatively, antigen retrieval may be performed with citrate buffer pH 6.0 Positive Controls:

IHC: human small intestine tissue,

**Background Information** 

Organic solute transporter alpha-beta (Ost  $\alpha$  -Ost  $\beta$ ) is a heteromeric transporter that has been localized to the basolateral membrane of epithelial cells of the small intestine, kidney and liver, and appears to be essential for bile acid homeostasis. The transporter is composed of a predicted 340-amino acid, 7-transmembrane domain protein (Ost  $\alpha$ ) and a putative 128-amino acid, single-transmembrane domain polypeptide (Ost  $\beta$ ). Ost  $\alpha$  -Ost  $\beta$  transports bile acids by a facilitated diffusion mechanism; therefore, Ost  $\alpha$  -Ost  $\beta$  can mediate cellular efflux or uptake depending on the substrate's electrochemical gradient. It's reported that Ost  $\alpha$  -Ost  $\beta$  is not only essential for bile acid, but also vital for sterol disposition and enterohepatic circulation(PMID: 21691099).

Storage

Storage:

Store at -20°C. Stable for one year after shipment. Storage Buffer:

PBS with 0.02% sodium azide and 50% glycerol pH 7.3.

Aliquoting is unnecessary for -20°C storage

## Selected Validation Data

Immunohistochemical analysis of paraffinembedded human small intestine tissue slide using 21248-1-AP (OSTbeta antibody) at dilution of 1:200 (under 10x lens).

Immunohistochemical analysis of paraffinembedded human small intestine tissue slide using 21248-1-AP (OSTbeta antibody) at dilution of 1:200 (under 40x lens).
