

For Research Use Only

RAB33B Polyclonal antibody, PBS Only

Catalog Number: 27349-1-PBS

Basic Information

Catalog Number:

27349-1-PBS

Size:

1 mg/ml

Source:

Rabbit

Isotype:

IgG

Immunogen Catalog Number:

AG24181

GenBank Accession Number:

BC036064

GeneID (NCBI):

83452

UNIPROT ID:

Q9H082

Full Name:

RAB33B, member RAS oncogene family

Calculated MW:

229 aa, 26 kDa

Observed MW:

26 kDa

Purification Method:

Antigen affinity purification

Applications

Tested Applications:

WB, IHC, Indirect ELISA

Species Specificity:

human

Background Information

RAB33B is a small GTP-binding protein of the Rab GTPase family, whose members function in vesicle transport during protein secretion and endocytosis. Rab GTPases are active, membrane-associated proteins that recruit effector proteins in the GTP-bound state and inactive cytosolic proteins when in a GDP-bound state. RAB33B is ubiquitously expressed and has been implicated in Golgi to endoplasmic reticulum cycling of Golgi enzymes. In addition, RAB33B regulates Golgi homeostasis and coordinates intra-Golgi retrograde trafficking.

Storage

Storage:

Store at -80°C.

The product is shipped with ice packs. Upon receipt, store it immediately at -80°C

Storage Buffer:

PBS Only

For technical support and original validation data for this product please contact:

W: ptgcn.com

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

Selected Validation Data

HeLa cells were subjected to SDS PAGE followed by western blot with 27349-1-AP (RAB33B antibody) at dilution of 1:1000 incubated at room temperature for 1.5 hours. This data was developed using the same antibody clone with 27349-1-PBS in a different storage buffer formulation.

Immunohistochemical analysis of paraffin-embedded human stomach tissue slide using 27349-1-AP (RAB33B antibody) at dilution of 1:200 (under 20x lens). Heat mediated antigen retrieval with Tris-EDTA buffer (pH 9.0). This data was developed using the same antibody clone with 27349-1-PBS in a different storage buffer formulation.

Immunohistochemical analysis of paraffin-embedded human stomach tissue slide using 27349-1-AP (RAB33B antibody) at dilution of 1:200 (under 20x lens).
