

For Research Use Only

SLC52A2 Polyclonal antibody, PBS Only

Catalog Number: 30396-1-PBS

Basic Information

Catalog Number:

30396-1-PBS

Source:

Rabbit

Isotype:

IgG

Immunogen Catalog Number:

AG33252

GenBank Accession Number:

BC002917

GeneID (NCBI):

79581

UNIPROT ID:

Q9HAB3

Full Name:

Solute carrier family 52, riboflavin transporter, member 2

Calculated MW:

46 kDa

Purification Method:

Antigen affinity purification

Applications

Tested Applications:

IHC, Indirect ELISA

Species Specificity:

human

Background Information

SLC52A2 (Also known as RFVT2, RFT3) is a membrane protein that belongs to the riboflavin transporter family. SLC52A2 is a transmembrane protein that mediates cellular uptake of riboflavin. Humans are unable to synthesize vitamin B2/riboflavin and must obtain it via intestinal absorption (PubMed:20463145). Mutations in SLC52A2 have been associated with Brown-Vialetto-Van Laere syndrome 2 (BVVLS2) - an autosomal recessive progressive neurologic disorder characterized by deafness, bulbar dysfunction, and axial and limb hypotonia (PMID: 22864630, 23243084).

Storage

Storage:

Store at -80°C.

The product is shipped with ice packs. Upon receipt, store it immediately at -80°C

Storage Buffer:

PBS only, pH7.3

This product is exclusively available under Proteintech Group brand and is not available to purchase from any other manufacturer.

Selected Validation Data

Immunohistochemical analysis of paraffin-embedded human small intestine tissue slide using 30396-1-AP (SLC52A2 antibody) at dilution of 1:200 (under 10x lens). Heat mediated antigen retrieval with Tris-EDTA buffer (pH 9.0). This data was developed using the same antibody clone with 30396-1-PBS in a different storage buffer formulation.

Immunohistochemical analysis of paraffin-embedded human small intestine tissue slide using 30396-1-AP (SLC52A2 antibody) at dilution of 1:200 (under 40x lens). Heat mediated antigen retrieval with Tris-EDTA buffer (pH 9.0). This data was developed using the same antibody clone with 30396-1-PBS in a different storage buffer formulation.
