For Research Use Only

DDX18 Recombinant antibody, PBS Only

Catalog Number:85789-3-PBS

Basic Information

Catalog Number: 85789-3-PBS Concentration:

1 mg/ml Source: Rabbit

Immunogen Catalog Number:

AG27457

Isotype:

Tested Applications:

WB, IF/ICC, Indirect ELISA

Species Specificity:

human

GenBank Accession Number:

BC001238 GeneID (NCBI): 8886

UNIPROT ID: Q9NVP1 Full Name:

DEAD (Asp-Glu-Ala-Asp) box

polypeptide 18 Calculated MW:

75 kDa Observed MW: 75 kDa

Purification Method:

Protein A purification CloneNo.:

250053E4

Applications

Background Information

DDX18 (DEAD-box helicase 18) is a protein belonging to the DEAD-box deconjugating enzyme family that is widely involved in RNA metabolism. It plays a key role in the assembly of the ribosomal small subunit (SSU) and ensures efficient intracellular protein synthesis. DDX18 unwinds RNA double strands through its deconjugating enzyme activity, which is essential for the proper processing and functional execution of RNA molecules. In addition, DDX18 is a multifunctional RNA deconjugating enzyme involved in a variety of signaling pathways, playing a key role not only in ribosome assembly and RNA metabolism, but also in the regulation of a variety of biological processes such as cell cycle, genome stability and stem cell pluripotency.

Storage

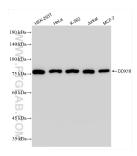

Storage:

Store at -80°C.

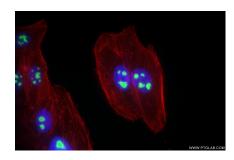

The product is shipped with ice packs. Upon receipt, store it immediately at -80°C

Storage Buffer: PBS only, pH7.3

Selected Validation Data

Various lysates were subjected to SDS PAGE followed by western blot with 85789-3-RR (DDX18 antibody) at dilution of 1:10000 incubated at room temperature for 1.5 hours. This data was developed using the same antibody clone with 85789-3-PBS in a different storage buffer formulation.

Immunofluorescent analysis of (4% PFA) fixed HepG2 cells using DDX18 antibody (85789-3-RR, Clone: 250053E4) at dilution of 1:1000 and CoraLite® 488-Conjugated Goat Anti-Rabbit IgG(H+L) (SA00013-2), CL594-Phalloidin (red). This data was developed using the same antibody clone with 85789-3-PBS in a different storage buffer formulation.
