human	
Expression Source: <i>e coli.</i> -derived, PET28a, with N-terminal 6*His. Biological Activity: Not tested	
Endotoxin Level: Please contact the lab for more information	
Reconstitution: Reconstitute at 0.25 μ g/ μ l in 200 μ l sterile water for short-term storage.	Shipping: The product is shipped at ambient temperature. Upon receipt, store it immediately at the
on subsequent experiments, it is recommended to add an equal volume of glycerol for long-term storage (see Stability and Storage for more details). If a different concentration is needed for your purposes please adjust the reconstitution volume as required (please note: the	recommended temperature (see below).
ion concentration of the final solution will vary according to the volume used). Note: Centrifuge vial before opening. When reconstituting, gently pipet and wash down the sides of the vial to ensure full recovery of the protein into solution.	
85%, by SDS-PAGE with Coomassie Brilliant Blue staining.	
The purified protein was Lyophilized from sterile PBS (58mM Na2H trehalose and 5 % mannitol are added as protectant before lyophi imidazole.	
Store for up to 12 months at -20°C to -80°C as lyophilized powder.	
Short Term Storage: Store at 2-8°C for (1-2 weeks). Long Term Storage: Aliquot and store at -20°C to -80°C for up to 3 months, buffer containing 50% glycerol is recommended for reconstitution. Avoid repeat freeze-thaw cycles.
