	Size:	
	50 µg	
	Form: Available lyophilized	
	Species:	
	human	
	Expression Source: <i>e coli.</i> -derived, PET30a, with N-terminal 6*His.	
	Biological Activity: Not tested	
	Endotoxin Level: Please contact the lab for more information	
Reconstitution and Storage	 Reconstitution: Reconstitute at 0.25 µg/µl in 200µl sterile water for short-term storage. After reconstitution with sterile water, if glycerol has no effect on subsequent experiments, it is recommended to add an equal volume of glycerol for long-term storage (see Stability and Storage for more details). If a different concentration is needed for your purposes please adjust the reconstitution volume as required (please note: the ion concentration of the final solution will vary according to the volume used). Note: Centrifuge vial before opening. When reconstituting, gently pipet and wash down the sides of the vial to ensure full 	Shipping: The product is shipped with ice packs. Upon receipt, store it immediately at -20°C to -80°C.
