FOR IN VITRO RESEARCH USE ONLY. NOT FOR USE IN HUMANS OR ANIMALS.

Recombinant human KLK7 protein

ble lyophilized s: sion Source: derived, PET30a, with N-terminal 6*His. cal Activity: ted xin Level: contact the lab for more information titution: titute at 0.25 µg/µl in 200 µl sterile water for short- orage. econstitution with sterile water, if glycerol has no effect sequent experiments, it is recommended to add an volume of glycerol for long-term storage (see Stability orage for more details). "erent concentration is needed for your purposes please the reconstitution volume as required (please note: the icentration of the final solution will vary according to ume used). entrifuge vial before opening. When reconstituting, pipet and wash down the sides of the vial to ensure full word the variation is needuline	VLTAAHCKMNEYTVHLGSDTLGDRRAQRIKASKSFRH PGYSTQTHVNDLMLVKLNSQARLSSMVKKVRLPSRCE PPGTTCTVSGWGTTTSPDVTFPSDLMCVDVKLISPQ DCTKVYKDLLENSMLCAGIPDSKKNACNG (30-203 aa encoded by BC032005) Shipping: The product is shipped at ambient temperature. Upon receipt, store it immediately at the recommended temperature (see below).
