### FOR IN VITRO RESEARCH USE ONLY. NOT FOR USE IN HUMANS OR ANIMALS.

# **ARD1A Fusion Protein**

Catalog Number: Ag7406

Available lyophilized

**Expression Source:** 

Biological Activity: Not tested Endotoxin Level:

Validated Application: Blocking peptide

and Storage for more details).

recovery of the protein into solution.

**Reconstitution:** 

term storage.

the volume used).

Short Term Storage: Store at 2-8°C for (1-2 weeks). Long Term Storage:

e coli.-derived, PET28a, with N-terminal 6\*His.

Please contact the lab for more information

Form:

Species:

human

#### Peptide Sequence:

(1-235 aa encoded by BC000308)

# Reconstitution and Storage

**Basic Information** 

#### **Stability and Storage**

Store for up to 12 months at -20°C to -80°C as lyophilized powder.

Note: Centrifuge vial before opening. When reconstituting, gently pipet and wash down the sides of the vial to ensure full

Reconstitute at 0.25  $\mu$ g/  $\mu$  l in 200  $\mu$  l sterile water for short-

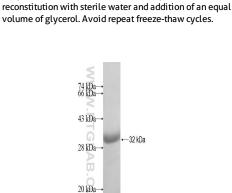

on subsequent experiments, it is recommended to add an equal volume of glycerol for long-term storage (see Stability

After reconstitution with sterile water, if glycerol has no effect

If a different concentration is needed for your purposes please adjust the reconstitution volume as required (please note: the ion concentration of the final solution will vary according to

### Storage of Reconstituted Protein

### Selected Validation Data

Aliquot and store at -20°C to -80°C for up to 3 months,

#### Shipping:

The product is shipped at ambient temperature. Upon receipt, store it immediately at the recommended temperature (see below).
