

For Research Use Only

Recombinant Human Galanin protein (mFc Tag)

Catalog Number: Eg3984

Basic Information	Species: Human	Purity: >90 %, SDS-PAGE	Tag: mFc Tag
Technical Specifications	Purity: >90 %, SDS-PAGE Endotoxin Level: <0.1 EU/ µg protein, LAL method Source: HEK293-derived Human Galanin protein Ala20-Ser123 (Accession# P22466) with a mouse IgG Fc tag at the C-terminus. GeneID: 51083 Accession: P22466 Predicted Molecular Mass: 38.1 kDa SDS-PAGE: 38-45 kDa, reducing (R) conditions Formulation: Lyophilized from 0.22 µm filtered solution in PBS, pH 7.4. Normally 5% trehalose and 5% mannitol are added as protectants before lyophilization.		
Biological Activity	Not tested		
Storage and Shipping	Storage: It is recommended that the protein be aliquoted for optimal storage. Avoid repeated freeze-thaw cycles. • Until expiry date, -20°C to -80°C as lyophilized proteins. • 3 months, -20°C to -80°C under sterile conditions after reconstitution. Shipping: The product is shipped at ambient temperature. Upon receipt, store it immediately at the recommended temperature.		
Reconstitution	Briefly centrifuge the tube before opening. Reconstitute at 0.1-0.5 mg/mL in sterile water.		
Background	Galanin is expressed in the central nervous system, including the hypothalamus, pituitary, and the spinal cord, and colocalizes with other neuronal peptides within neurons. It is also found in various tissues such as the gastrointestinal tract and pancreas, demonstrating its importance and versatility for neuro-hormonal homeostasis. Dysregulation of galanin and its related peptides has been implicated in various neuroendocrine conditions such as nociception, Alzheimer's disease, seizures, eating disorders, alcoholism, diabetes, and spinal cord conditions.

Synonyms	GAL, GAL1, Galanin message-associated peptide, Galanin peptides, galanin prepropeptide		

Selected Validation Data

Purity of Recombinant Human Galanin was determined by SDS-PAGE. The protein was resolved in an SDS-PAGE in reducing (R) and non-reducing (NR) conditions and stained using Coomassie blue.
